Hi Kate,

Thanks for the update. That sounds good. We are still expecting that more records will be uploaded to EPA-R10-2014-007609 soon, and that additional records will be released on an approximately monthly basis.

Best,

Ashley

Thank you, Ashley –

I am in the process of surveying the previous responses to confirm that we have everything we need to close the request. Based on my initial review, I think we are looking good, but I need to spend a bit more time with the newer responses and also double check with our local staff before confirming. I should be able to complete that process by the end of next week. Please let me know if that timeline works for you.

Many thanks,
Kate

Kate,

In response to your phone call yesterday, I located the attached interim response. I hope that helps. Let me know if you have any questions.
